A very enjoyable party was held last evening at the home of A. W. Isham of the east hill when 85 neighbors and invited guests called in. A musical program was given. James Slora pleased the company with several violin solos and was warmly applauded. Dancing was enjoyed to the small hours of the morning, music being furnished by Williams' orchestra of Graniteville. Refreshments of cake, coffee and sandwiches were served. The party broke up at a late hour after having spent a most enjoyable evening. They hope for a repetition of the affair in the near future.

Caledonia park was the gathering place Saturday of a group of people who enjoyed themselves at the picnic of the I. O. O. F. Manchester Unity lodge and the Granite City lodge of Odd Ladies. All sorts of sports were brought into the afternoon's program, so that mirth and enjoyment was highly predominant and everybody seemed to forget their worries for the entire afternoon. There was a large crowd from which contestants for races and a baseball game were easily furnished. The races held in the following order furnished a great amount of excitement: Boys' race, 1st, Clyde Reynolds, Jr., 2d, Robert Chaplin, 3d, Alfred Milne, Jr.; girls' race, Miss Gladys Oliver, 1st, Margaret Chiodelli, 2d, and Marion Keast, 3d. The ladies' race was the feature for the short dashes. Mrs. Forrest Chaplin crossed the wire first, Mrs. Nellie Bianchi, second and Miss M. Guidi, third. The next in line were several girls which resulted with Violet Milne seizing first, Elizabeth Carle, second, and May Blackmore, third. Another boys' race was staged before the baseball game; this time E. McDonald was first, Ernest Reynolds, second, and G. Chiodelli, third. The national sport, baseball, was not forgotten by the male group, who under the captaincy of Charles Oliver, a married man, and Harold Oliver, a single man, chose two teams. The married men showed much science in handling the stick and by constantly connecting with the ball defeated their opponents by a score of 5 to 2. The game was interesting throughout and was the source of a great amount of laughter. Refreshments of sodas, ice cream, etc., were served free on the grounds. The men, some of them old-time elder path stars, wishing to test their agility once again, held another race, wherein William Leith was the winner of the prize. The affair was a grand success and will, without doubt, linger long in the minds of the many participants. It was late in the evening when the group was boarding cars or leaving by automobiles for their homes.

GRANITEVILLE

To the Public of Graniteville: Has this village got a board of health doctor? If so, why on earth doesn't he do something to stop the people around Corey's store throwing paper and old rubbish about?

Every time the wind blows it scatters all over the Main street, and in all the neighboring yards. It is a disgrace to the village. The sight of some back yards are unbearable and spoil the looks of those whose owners try to keep them clean. It is discouraging to have all the sightseers go through Graniteville and see such a dirty looking village as Graniteville is getting to be.

Then there is the fact that the stores are kept open all the week. Could not the public get what they want on Saturday? Could not this village have just one day out of seven as a day of rest? Get together some of you good people and do not let this village go to the dogs by keeping your months shut. Wake up and clean out the filth and make the roads clean and the back yards. Taxes are high. They have to be paid. The board of health gets this pay, I presume, yet looks around and sees what is done around some of the homes and lets other people bear the results of this wrong doing. I hope that something may be done regarding this matter, to improve Main street, and the back yards of the homes. Get together you Scotch people and show your pride!

Mrs. J. E. M. Granger.

Self-Segregated.

An evangelist who was conducting nightly services announced that on the following evening he would speak on the subject of "Lars." He advised his hearers to read in advance the seventeenth chapter of Mark.

The next night he arose and said, "I am going to preach on 'Lars' to-night and I would like to know how many read the chapter I suggested." A hundred hands were upraised.

"Now," he said, "you are the very persons I want to talk to—there isn't any seventeenth chapter of Mark."—Boston Transcript.

MEET ARMY WORM AND TREAT HIM ROUGH

"Treat 'em rough" is the slogan for the army worm and the slogan should be adopted everywhere this pest shows up, says the American Forestry association of Washington, D. C. The sycamore blight and the hickory bark borer are to be watched for too and detailed instruction on what to do for them will be sent to any reader of this paper free by the American Forestry association which has called upon the people of the United States to contribute to its fund for helping reforest the battle areas of France, Belgium and Italy. Those countries want the American tree seeds and the fund being collected by the association will be used for that purpose. Every acre should be given the trees of our own country, too, and with that end in view the American Forestry association will send free advice on the care of trees.

formed, after the conference, that the official board of the city would lend whatever co-operation it can to aid in the investigation. To that end a resolution is being prepared by the city clerk to be presented at the next meeting of the city government. Mr. Schattschneider stated that it was the desire of his organization to get the good will of the city and then to get the entire to the facts which are so much desired.

Mr. Schattschneider will return to Burlington for a further consultation with the Vermont state board of health regarding his work, after which he will return to Barre to begin his investigation. He stated that he probably would be here on Thursday of this week in order to get to work as soon as possible.

Just up 1 flight—The small expenses mean a big saving to you

Just call our phone No. 400 when you want groceries quick

A polite, intelligent clerk will take your order and see that it's filled properly.

And we will deliver it to your door in a few minutes. That's just part of the service we are glad to give you along with your groceries.

We want to save your time and make it easy and pleasant as well as profitable for you to trade with us.

We want you to think of us as "my grocer," and we know you won't do that unless we do everything in our power to give you real service.

Take the simple matter of baking powder for example. You don't use much of it in the course of a year, but if it isn't good it can spoil a great deal of valuable food.

We've studied baking powders and have come to the conclusion that one of the best we can offer you is RYZON.

It's pure, it is extremely high in leavening power and it is always uniformly excellent. The price is right, too, 40 cents per pound tin.

And remember, like everything else you buy at our store, your money back if you are not entirely pleased—not just satisfied—pleased.
